I saw the story about Pat's passing and service on the news tonight. I am deeply saddened to hear this. Pat and I knew each other during the 1970's when we were both members of Ferndale Fire Department. Even though Pat was dealing with serious health issues, he always had a smile and a joke to light up the place! He especially enjoyed the yearly trips to Ocean City for the MSFA Convention.
Please know that my thoughts and prayers are with Pat and his family. I will always have fond memories of Pat.

I worked with Patrick 40 years ago at Informatics Information, a sub contractor for NASA. He was quick with jokes and would greet me every morning with a "good morning Mrs. Feet", my last name was Miles. He cracked me up. He was very smart and quite an overachiever. I used to call him Mr Social because he was so social. He will be missed.

I knew Pat for many years at the National Cryptologic School. He worked on its Disability Affairs Advisory Board and held strong opinions about how disabled employees should be treated! After he retired, we talked regularly about work, family, trips we took, etc. He had an overdeveloped sense of humor, was a true friend, and I will miss him very much.

Sharon and Andrew,
We are so so sorry to hear of Pat's passing. We got to meet him during our time in Cub Scouts. Always a easy smile and kind word. What stood out was his fierce love for his family and his abundant pride in Andrew. We will continue to include you in our prayers. - Karen Mangold and family

Pat was always eager to lend a hand at VBS in anyway we asked. He had a ready wit and loved his coffee! It was my blessing to have known him. He always encouraged us to check out the historic fire company houses on our travels across the USA. Our deepest sympathy, prayers and hugs for Sharon and Andrew as these first difficult days unfold.
