“ Where do I start. Met Kathy 1st day of 7th grade at Arbutus Junior High. Lots of adventures thru to senior high graduation and beyond. Spend time with she and Gene and your face hurt from laughing so hard. I would view her as "Lucille Ball" and Gene her straight man. Ken and I took a unforgettable trip with Kathy and Gene, picking Gene up at the gates of Camp Lejeune, upon his discharge from the Marines and heading to Florida. Purchased some property in the swamp, ran over Gene's favorite marine cigarette lighter while riding motor bikes on the beach. I could go on but it would just take to long. Oh and our stay up all night crabbing adventures. All our thoughts and prayers go out to Gene and the family. The world lost a ray of sunshine with Kathy's passing. Lots of love, Sue and Ken Koller

“ We have been friends with Kathy and Gene for 45 years . They are like family to us and her passing is heartbreaking. Kathy was always the one to bring laughter when we were down, shed tears with us if she needed to and make us laugh so hard at her stories that we still laugh when we remember them. Nothing was more important to her than Gene and her family. They were her life. Her antics with Wilbur the pig and her smiles when Chewy was around were precious. Only Kathy would hug and cuddle a baby pig. But let's not forget the peacocks she cared for and who knows what other strays she took in. She was so loving and funny and a pleasure to be around. She was a wonderful wife, mother and grandmother. She will be missed. Love John and Ginny

“ Kathy and I met in the 7th grade.We shared the same bus stop to go to High School.We often sat together on the bus and when graduation came we went to Ocean City a few days after graduation on the Greyhound bus.What a trip We both got so sunburned, but did not let it spoil our grown up girl trip..I will never forget when I married my high school sweetheart she came to see our new apartment and went to the house across the street by accident.We had a good laugh about it afterward.We did not see each other often as she moved to Kent island , but just recently I found some letters that I wrote my high school sweetheart (my husband of 54 yrs) and was telling him of our Ocean City graduation trip..Such fond memories of you Kathy.
Sincere Sympathy Gene to you and your family.RIP Kass.

You know how sorry we are for you and your family. Kathy was a delight to be with. She always made us laugh on all our occasions, whether it was Lunch Bunch couples or just the girls. We will always remember our great times together, and there were many.
May your fond memories help comfort you and your family.
Kathy will always be in our hearts.
