Susan "Sue" Elizabeth Park, 64, of Chestertown, MD, passed away on December 21, 2021. Sue was predeceased by her parents, Robert C. Park and Marjorie McGinnes Park and her brother John R. Park. Sue spent much of her young life traveling the country with her family during her parents' careers in the Army. She married her late husband, Robert "Bob" Hooey, and they lived on the Eastern Shore of Maryland and enjoyed time with their loyal dog, Wilson.

Sue grew to be an avid reader and researcher, a self-born educator. She made lasting connections with every career shift, especially with her college students whom she mentored beyond their educational years. She was a kind person and a gift to all who connected with her as she had a unique way of always making the day calmer and brighter.

Sue was an animal lover and connected with animals with the same compassion and advocacy as anyone who crossed her path. She was a natural healer, and her love of horses led her to experience more about their connection with humans. Over the years, Sue practiced in numerous therapeutic modalities and energy healing methods to support her varying interests in wellness. She spent her free time porch sitting, reading, writing, sewing, crafting, and working with the horses. She enjoyed Friday night dinners, swim class with friends and gathering with newfound family.

Sue will be celebrated and missed by those she leaves behind; their greatest comfort knowing that her life was well-lived.

A celebration of life will be held at a later date.

Interment will be private at Westminster Cemetery in Carlisle, PA.

“ Sue's smile, positive energy, and compassion were gifts for all who knew her. Her generosity of spirit included giving tokens of joy and silliness aka a pencil with a smurf head just when you needed a lift! Her insight and intuition enhanced with best social work practices provided comfort, support, and hope for students and colleagues. As one of those WC colleagues, I cherish sweet memories of times together. Vicky Sawyer

“ Sue Park was a kind and gentle spirit that earned the hearts of many of good people around her. Her time at Washington College was a gift to all of us who worked with her. Our students connected with her in ways that made them better students and contributing members in our community. Some never appreciated her commitment to our students but most of us knew what an outstanding person she was. Sue almost always found a lighter side of an issue to keep us sane. God Bless you and RIP. It's been an honor to be your friend. Jerry Roderick
