Sylvia was an employee for over three decades with Martin Marietta as an administrative and facilities engineer at their Florida, Maryland and California locations. She was also involved with the planning and execution of Baltimore's Inner Harbor redevelopment in 1980. In the pursuit of a higher calling, she received her Bachelor's of Arts degree in Human Services from the College of Notre Dame of Maryland in May of 1987. With great compassion and effectiveness, she went on to assist those with disabilities throughout Florida and Maryland, with her last position serving as manager for the Claiborne Place in Annapolis, Maryland. She was a dedicated Lutheran and faithful servant to our Lord. Among her accomplishments in His service was her part in the planning and opening of the food bank and thrift store located on Kent Island which has served our local communities and their families over the years. The family wishes to thank her community physician and all the local agencies for their tremendous support during her care over the last 10 years. There will be a private ceremony with close friends and family at a date to be determined.

“ Aunt June was a special sister to my mother Rayona Stinchcomb (who left us in June 2018) I remember when I was young visiting with Aunt June and playing with Stevie. We all felt the pain with his passing. She always kept in touch and was a good companion for many years for my mother. I will always remember her as a kind person who loved her family very much.
With Sympathy and much Love and prayers
