“ Dear Bob and Devon - I attended the viewing for Agnes today and am so glad I did. I was in Phat Chix with Agnes and always enjoyed her. Once she became ill though, I really learned alot about her. I have 7 sisters and 1 brother and I told each one of them about her over the past 2 years. It was actually hard to write to them this week to tell them of her passing - they have followed her last two years and have asked about her and prayed for her. And for you. I was so inspired by the way she lived with this and fought it. I was inspired by the love she had for both of you. I will never forget her.

Very sincerely and with lots of prayers,

“ Agnes I am sorry we did not get a chance to get to know each other. I think we would have been good friends. I hope Bob and your son will continue to feel at home in our neighborhood. I hope they will stop by the farm anytime.###imported-begin##kathy

“ Dear Agnes,
After you became ill, we missed you at our investment meetings but we constantly spoke about you, marveling at your courage and positive outlook. You had us all believing that you were going to beat this and now it is hard to face the reality that you are gone. You live on in our hearts and memory because you left a piece of your spirit in each of us. You were, and are, such an inspiration. We love you and will forever have a seat for you at our meetings.
Love from all of us,
