“ *Jimmie was very definitely one of a kind, and we will miss seeing her out there on the outrigger of the Mystery at least once a year! Back many years ago when Mystery wasn't being raced, Jimmie tended the mainssil on Flying Cloud when Allan was skipper. She was never shy about sharing her opinions with Allan!! She had a courageous heart and a brilliant mind. Our condolences to the whole family. Kathy and Allan Noble*

“ I was invited for Thanksgiving by Jimmie's family during my 9th grade year at Westtown. My sister had been 6 years ahead of me at Westtown and became good friends with Jimmie's 2 older sisters. She and I shared a bed and a hot water bottle in their fireplace-heated home in Atlantic City. I was shy and didn't become close friends with Jimmie at that time, but more recently we had many long conversations at Westtown Reunions.

Jimmie's aunt was Rachel K Letchworth, Dean of students at Westtown and responsible for helping students apply to appropriate colleges. Jimmie was superb at math and wanted to apply to MIT but, for some reason her aunt vetoed this idea. Jimmie never forgave her. Rachel was also noted for her wonderful Westtown Notes that appeared every year, recounting recent Westtown events. Westtown Notes have never been so interesting since her death!

I will miss Jimmie, her enthusiasm and liveliness, and also the brownies she baked and sold every week to hungry students. (The Brownie making concession was passed down from a graduating senior to a junior each year.)
