“ *My Ali...man... I miss you SO MUCH. I was just reading our text thread and we said I love you EVERY TIME we talked. Yeah, I'll NEVER delete our thread. I found a little cartoony emoji version of you in our msgs and in the app you were able to talk. Then there was the time you left me a voicemail msg. I have your voice and I listen to it often. I'm still waiting to hear from you but I know that's not going to happen. On the day Madi was confirmed I lit a candle for you in the church and I cried while I prayed. I hope that candle lit your way to Heaven bc your light in this life is painfully absent. I love you and I miss you terribly Sister. Rest easy Ali Girl. 💙*

“ Oh Sweet girl! It's been years since I last saw you but you were part of so many of my memories as a child. We had so much fun and kept our parents on their toes! I am so sad to hear that you have passed. May you rest in peace and know that your memory is forever engraved in my heart.
