

Allan Earl Holloman

August 2, 1948 - May 27, 2025

Allan Earl Holloman was born August 2, 1948, in Portsmouth Virginia. He was raised a “Navy Brat” and grew up all over the United States. He said he never went to the same school two years in a row except once. This gave him the skill to make friends wherever he went, and he was loved by all who came to know him. He met the love of his life while attending college at AACC and they married in 1976. Together they made their home on the Eastern Shore of Maryland where they raised 5 children. Allan had many careers from shipbuilder to polymer engineer. Allan joined the Navy during Vietnam and became an active participant at the Grasonville VFW for many years. He was a founding member of the Kent Island Branch of the Church of Jesus Christ of Latter-Day Saints. He developed a love for history, and he participated in Civil War Reenacting for over 35 years as a member of the US 1st Maryland Volunteer Infantry. Allan will be remembered for his kindness and generosity as well as his wit and humor which he shared freely.

He is preceded in death by his wife Jennifer, his parents Rodney and Alma, his brothers Nathan and Norman, and his granddaughter Kailey. He leaves behind 5 children, Sarah Harrison and husband Ronnie, Esther Shaw, Lian Holloman and wife Elizabeth, Kyle Holloman and wife Karen, Cameron Holloman and wife Rachael, as well as several grandchildren and a great granddaughter.

“ Allan was a good guy, and we had a few things in common. For example, I also never went to the same school more than two years in a row, except once - although for different reasons. Can you believe that? I also share his love for history. He and I used to talk about history, sometimes even engaging in friendly debate about it. :-D He will surely be missed.

“ *Alan was a very nice man and my Dad considered him to be one of his closest friends. I knew that when we were running errands on the Island and we happened to run into Mr. Alan, I needed to get comfortable in the car and patiently wait. They could just talk for hours! I grew up alongside his children who I still consider friends. We went to the same small church. My heart hurts for my Holloman friends. You will be missed by a lot of people. Give My Dad and Mrs. Jenny a hug for me!*

“Dad had talked about visiting the Harriet Tubman museum and mural in Cambridge Md for years. “Oh, if I could only get there” he said. So one hot and steamy day in June of 2022 I decided it was time to make the trip. “Museum and lunch, how hard could it be” I said.

Well, it was quite the day. Loading dad in and out of cars, buildings and wheelchairs. You really know how non accessible places can be when you have a wheelchair. One place we tried for lunch had no less than 12 steps to the dining room! Obviously we left that place. The restaurant we did finally decided on was very sweet and accommodating and let us use the bar door for easier access. Lovely people.

When we finally arrived at our main destination of the museum, we squeezed Dad through the tiny door of the old building. We stayed for at least 90 minutes looking at the whole collection and asking the staff many questions. We sat and watched the historical video that they have on repeat in its entirety. We were really just talking in the whole experience.

Finally it was time to see the mural which was outside and about a half block away. We walked down the narrow sidewalk excited to see what was around the corner. Then we looked up to see the very moving piece of art. Dad said “Look, there she is. Shes saying, take my hand”.

Even though the day was filled with set backs and trails, and dad probably forgot all about it with in a week. (His memory wasn't what it used to be.) In the end, the day it was worth every bit and I'm so proud that we were able to go on that adventure, together.
