“ My best memories is when she got married. I was her flower girl. I loved her dress so much I wanted to wear it when I got married. We tried to make it work but it didn't happen. I waited too long to get married. The dress fell apart. The Hubitski family did come to my wedding and Crissy took part in it. I was so happy but sorry you didn't have a better partner to walk down the isle with. I didn't have much control as we all know. I remember when Aunt Anita sang in the family tradition band. I remember so many family gatherings that took place at Mamaws house, Aunt Chats house and spending nights and days with everyone. This is what molded most of my personality. Without this family I could have turned out to be something terrible. My biological side doesn't have much to bring to the table for me. Because of this large beautiful family I have earned an associate arts degree in Forensic Science and I worked eight months in the Baltimore City Police Crime Lab as in intern. All I had to do was follow the basic family standard of keeping my nose clean . I still need a bachelor's degree to be able to be successful in life. I hope to reach that goal before my time is up. I do miss my family immensely. Thank you for reading. Love and peace to my Aunt Anita . Her spirit lives in all of us.

“ Anita was an incredibly loving and dedicated daughter/sister/wife/mother. She dedicated her life to her family and was so proud of each of her daughters....and yes, she and her mother Mary (especially) loved their soaps. I believe "Days" as they called it, was their favorite.

The Giaimo's are so sorry for your loss
