Misses Woods was my wonderful teacher caring and I had the pleasure to keep in touch with her until she passed and Misses Woods I will always say hi to you in my heart and I miss you and my friend Jonathan had the pleasure of being in touch with you to and i will never forget you

Yosef Ferenc - January 08, 2025 at 12:37 PM

Misses Woods I just want to say that as time goes by I think about you often missing you a lot and I forsure wish I could have seen you in person and as time goes by I wish even more I could have seen you in person but I still and always had the pleasure to be intouch with you over the phone. As remember when I first spoke with you over the phone with my friend Jonathan I was a little nervous because there is one thing I remember when I was a little kid I was nasty to you and I hurt your feeling by accusing falsely. After that you said to me Yosef why are you saying sorry? You did not do anything you were a good kid. I said okay and if you forgot thats okay and what s more important to me is that I shall take responsibility for my own actions. Yes I did felt so awful for what I did at that time and that I myself felt like crying of the sin I did by hurting your feeling and accusing you falsely. You also made me feel good about being at Gateway as I was pretty shy talking about Gateway. Thanks for always remembering the good in me when I was a child. I just want to say that you will always have a very special blessing in my heart and I will forever remember you and all the good and very important things you taught me and I will always appreciate it. It does of course feel very weird that these days we are not speaking on the phone now As all I said all of theses words I say it with very sad tears because im very sad that you have passed and I will always miss you and please dont forget me in heaven is what I know and im sure you wont and the special bond we had with each other will always have a special place in my heart. Rest and Peace Misses Woods by Yosef Ference
