“ Pat,

*I would like to express my sympathy and offer my condolences to you on the passing of Art. There are two memories that come immediately to my mind when I think of the times I was with Art. The first was when I was around age 10 and we were with you and Art at Ocean City for a summer vacation trip. I remember Art taking me, my brother Michael, and my dad out to the beach for a morning of ocean fishing from the shore. Art was so at home with the ocean and held our Midwestern hands as we attempted to fish the ocean together. We didn't catch anything, but I know we did a decent job of feeding the crabs as they kept cutting our fishing lines and getting our squid bait! I also remember the deer/sand flies eating us alive! Of course my second memory is when we got together this past August for Louise's 80th birthday party. Little did I know that that would be the last time I would see Art. But I will take with me from that last visit memories of his sense of humor and wit that were uniquely his and always at the ready.*

*Know that you are in my prayers during your time of loss.*
