“ *To Bobby's children and grandchildren my heart is also broken. We all have lost one that can never be replaced. Bobby was my aunt and was one I loved very much. As a small child she was always around looking out for me that I still have many memories. When she would come back home we would try to get together and always had fun. She helped me get through the loss of my mother Bobby's sister Phyllis just this year. The world has lost one that cannot be replaced. I will always feel that I lost another mother not an aunt. I know she is with the angels and still looking to protect all of her loved ones.*
