“ I met Barbara in 1975, when I began working at USDA. She and Jack lived in my neighborhood and we carpoled sometimes. Barbara had a magical personality and almost impish presence. She always was a joyful and fun loving friend, who would do anything for you. Her cheerfulness was infectious, and she could always make you laugh. I believed Barbara and Jack were a perfect couple who were blessed to have found each other. She was the type of person that made this world a better place, and she will be greatly missed and always lovingly remembered. My thoughts and prayers are with her family and many friends.
