“ Our family was so blessed to have lived in Davidsonville, MD for 20 years. During that time, we became close friends with nine other families in our neighborhood. Bernie and Jeanie and their family were one of them. Our kids played together and grew up together. Some of our funniest and warmest reminiscences were with them.

One of our memories of Bernie happened years ago at Carroll's Creek Café. We were having dinner and our waiter came to our table holding a bottle of wine, saying, "Complements from that gentleman over there." We looked over and there was Bernie entertaining a group of clients. We waved to Bernie and said thank you. The waiter said, "I shouldn't say this, but that bottle of wine costs more than I make in a week." Kidding, I said, "Well, if that's the case, can we get a refund?"

That was your dad. Always being generous and always doing something nice for someone. Your dad loved people and had a gift of making you feel instantly like you had always known him.

His smile and his laughter will be missed and his passing a great loss to everyone who knew your dad.

Our thoughts and our prayers are with you.
