“ Bernard Arneson was my Uncle.

*My condolences to all those who knew and loved him well.*

*I never knew my uncle, but I have a photo of him and of his parents (my grandparents) James Adolph and Mary, as well as one of my Aunt Regina addressed on the back to my father, Jim (Nicholas Arneson).*

*It is indeed poignant that I am now learning of both my uncle's passing and of my family's whereabouts simultaneously.*

*Perhaps, this is a parting gift from Bernard, for though I have search for the family for years, this is the first time I have been successful.*

*With all my love to the family, and friends of my Uncle, James Anthony Stapleton/Arneson (Erie, PA)##imported-begin##James Stapleton##imported-end##*
