“ *Something made me google Ms. Elburn today and I was very sorry to see she has passed. I taught across the hall from her for four years in the early 80s as a new teacher and learned a great deal from her. She was very supportive, and her gentle and consistent approach to teaching was a great example for me. We often talked about how we needed to write a book about some of the funny things that happened at Sudlersville Middle. I'm sad, but find myself smiling.*

“ I am so sorry. Betty was a special lady she was my 2 older children's teacher. Larry Reed who passed two years short time hereditary heart disease. And my daughter Dawn Reed Lofland. I would take her out to their house she spent many Saturdays with them on the farm. They had close relationship and where better to go than your teachers home she ❤️ loved being invited and the animals. I thanked her for being such a loving kind person besides teacher. When grown Dawns son was good friends with her grandson. She loved kids and grateful for her being special to many children. Will miss her. I know Dawn really feels her loss. May the family know she is at rest now and will never suffer again. It was a privilege bto know her personally not just as a teacher which she was a great one. God bless the family and may they think of all the children hearts that she touched. Thank you for being a wonderful person. Go to a wonderful beautiful place called heaven you have many waiting for you there..

Pam, your story is like mine. My social studies classroom was a few feet away from Betty's room. As a young and new teacher, she taught me so much about teaching and life. Peace and blessings to all of Betty's family.
