“ *Nanny, I'm sorry for any hurt that I had ever caused you. I know you are finally at peace and with your children. No more heartache. I think about mom every day and how I never got a chance to say goodbye to her, and now I never got to say goodbye to you either. No matter what had ever happened I always loved you. I still think about the time that I made Thanksgiving dinner for you and how it turned out awful, but we made a good laugh out of it anyway. I miss you Nanny, until we meet again. I love you*

“ *My beloved Aunt June,*

You were there during a very tough period of my life and you never judged me. You shared your humor, your resilience and yes, your own pain. The laughter and the tears we shared will never leave me. I am forever grateful for every second I got to spend with you. I know the ailments of this last year were particularly hard for you and I hope you are at peace. Hope you passed on knowing you are loved and that your presence changed lives. Also, I'm in a non smoking airport and would do anything to smoke a Pall Mall with you right now.
