“ So many memories...

One memory stands out - it was when I taught Granny to drive. I think it was in 1967 when she was 44 years old. I had a 1964 Ford Fairlane with standard shift! We bounced around the parking lot many times but then she got the hang of the clutch and accelerator so we drove out in Glen Burnie traffic. She did well and got her license. There was no keeping her down then!!

I will miss our chats and our laughs and cries - she was a wonderful mother-in-law.

May you rest in peace with your sons and husband.

“ I am so sorry to have heard that Miss Betty passed away, but she lived a long life with loving (and large) family who love her dearly.

Miss Betty and Mr Bill were friends with my parents Vi and Bob. It is through that I

became friends with the rest of their family. Back in the day Becky

and I were best buds and I was over her house a lot. Miss Betty

always had a smile and asked how I was and if I was hungry. May

God continue to bless her and her family and help them through this

sad time. People may pass away but their souls and memories of

them never do.
