“ I had only gotten to know Ms Bonnie in the last couple of years but she was truly a gift from God. She has raised a great son and daughter and she was proud of them. I will never forget the times she would come over to Easton and shade Bear around the yard. I know that silly dog brought he a lot of joy in the last couple years. Ms Bonnie I will miss you and will miss your hugs and our talks. RIP you fought a great fight.

“ I love you Bon-bon. I know that you are reunited with so many that went before you. Your aunt and Dan-dan and so many others. Give mom and dad a hug for me and a hug to Lisa and Neal. You were my sweet loving playmate for so many years and I am glad that your suffering is over. I will be seeing you soon. It will only feel like a moment to you but to those here that love as you.... You will be missed until we are reunited again. You made the world a better place with your love and charity. Now bask in all that God is giving you!! It must be extraordinary the gifts he has prepared for you a silent worker bee who took no praise for herself but instead delighted in doing for others always. I love you and your precious, gentle spirit. Yours is eternity with our Heavenly Father.
