“ Dale was a good guy & cousin - There are many stories, however, the one that always comes to mind & has brought the most laughter among friends of mine is: One night in the late 60's at the Taste Freez. a friend of mine, Brenda Everett Cole (who passed away in November) got on the back of Dale's Motor Cycle for a ride, & when he 'took off' she ripped the back pockets of his jeans off. Not too long ago I saw someone who was there that night, & he was remembering this & got right down in the floor laughing & couldn't stop. My this good guy rest in peace. Barb Jacquette

“ *To Dale's Family and Weldon:*

I can remember when Dale worked at Watkins and he knew alot about different parts and would exactly know where he had the item in the back. I did not know of a part from a car, truck, tractor or any other machinery that Dale did not know or have in stock or that he couldn't have the part at the store the next day. I was in the store most of the time when my dad would go in to get a part. Always had a smile on his face, I never knew he had nothing else but a SMILE!!!. When Dale retired, Watkins lost a good man. Fly high!!!

“ You were my brother, but you were more. You were my Mentor, my Father and my Best Friend. I grew up by your side, at Betterton Legion, Driftwood, and Bud Hubbards. You taught me so much. So many memories, good and bad, mostly good. You were ALWAYS there for me, when I needed you most and when you knew that I needed you and I didn't realize that I did. You taught me right from wrong. You taught me about cars and anything that had an engine. You bought me my first bicycle. You used to pick me up and sit me on the tank of the Purple Sportster and take me for rides, because I was too little to sit on the seat behind you. I remember Mom yelling at you “ You are going to give me a heart attack”, but you would still do it anytime I asked because you knew I loved it. You helped me to build my first car, a 1963 Chevy..... just like yours. I wanted to be just like you (still do). My first paying job was working with you at Watkins. I made \$89.15 a week and thought I was rich, and more important I was being just like you. You were the best “Parts Man” the town ever knew. Customers would wait for forever for you to wait on them, even if the rest of us weren't busy, because they wanted to talk to you, have you wait on them and give them your expert advice. You laughed at my first motorcycle because it was a “Junk Jap Honda”. You stood behind every decision I made, right or wrong because that was the only way I would ever learn. You tried to steer me in the right direction, but you knew the only way I would learn was by making my own mistakes, but you were always there to help me correct them. You WILL be missed by a lot of people, but NO ONE will miss you as much as I do. Fly High with those that went before you. You are without pain now. Until we meet at that “Rainbow Bridge”. I Love you Big Brother.

Dale was my Mentor at Napa Auto Parts and I used to enjoy listening to all of his memories of all the vehicles he would work on, along with all the races or road trips he would make and get into mischief with!! he could usually look at a part and rattle off the part numbers and would try and pass along little tricks that he learned, like setting points with a matchbook cover!

He was also a great cook and would make food for some of the NAPA open houses we used to have, but I drew the line on the pickled pigs feet he used to have!! They were a great conversation starter while they sat on the counter at the store!!

He may have been my boss, but, more importantly, he was a friend and I will always cherish my memories of Dale!! I will raise a PBR to you when I get a chance in a salute to him.

Safe Ride home Dale!!
