“ Gene Sparkman....What a talent what a character,what a wrist... I walked into his classroom in 1986 looking for someone who could help me bring new light to my stale work. I was one of a few illustrators working in pastel at the time and I was looking for someone who knew the medium... Well he was the person. He was able to bring me back to my early roots as a student and give me new tools to draw with. When I think of the great artists who's shoulders I have stood upon, he is one of the first. We transitioned from teacher/student to friends and colleagues. That friendship followed the ebbs and flows of both of our lives. Thankfully in the end we were sharing thoughts and experiences once again... I am grateful.

I even own 4 pieces of his work, including a large charcoal from his graduate studies that hangs over my bed. I will think of him every day. I will miss him and his profound points of view, as well our head to head debates over "Art and the eternal search for the Great Perhaps".

Thank you for allowing me to share my thought and love for you and Gene. there is so much more..... Lynne##imported-begin##Lynne Foster##imported-end##

“ Dear Gretchen & Sher, words cannot express the sorrow I feel for your loss of Cousin Gene. We grew up almost as brothers and shared so many fond and memorable experiences together. His talent as a pastel artist was unmatched and his love for his family was never ending. He will be sorely missed by anyone that knew him. Peace be with you girls and the rest of the family as we say our farewells to cousin Gene. Tom & Suellen##imported-begin##Tom Sparkman##imported-end##
