“ Dear Peggy and Girls,  
Please know that we all share your loss. I wanted to be there with you tonight but I am having some health issues myself. Carl was one of the kindest people I knew he didn't need a title or a sign to say I am important he would just do what needed to be done. I know all the kids and parents that were in the band program will never forget him and appreciate all his and Peggy's efforts . There are no words that can ease your pain but I will share something very special with you. When my mom passed away a few years ago Chip spoke at her funeral and he said on someones head stone it says the day they were born, then a dash, then the day they died and the most important part is that dash. Because it doesnt make a difference when you were born or when you die its what you do inbetween that counts, its the dash that means the most. Carl was lucky to have so many people who's life he touched in his gentle and kind way. And he was lucky to have so many that loved him and will miss him so much. All of our love and prayers go out to you. XOXOXO

“ Dear Peggy & Girls- Your video was a wonderful tribute to Carl and it reminded me how much I've learned from Carl over the years. And even after these 50 years I'm still surprised by and still learning from him. His grace in how he's handled this past year and life in general is an inspiration. If only our communities had more people like Carl.....This has been a difficult year for the Boyle family, but be assured that's it has been a difficult year for the surrounding community, extended family, and friends of Carl and his family. To know and see him slowly leave us much too soon, has darken all of our days. But we take comfort knowing that he no longer suffers. God bless you all.##imported-begin##Scott Wood & Family##imported-end##
