“ I was totally shocked to read about Buck passing away. I knew he wasn't doing great but never thought his condition was so grave. Since we grew up together, played music together & had so many laughs over the years, I thought our relationship would last forever. Since I just found today about Buck's passing, I want to apologise to his family & friends for not being there for him. My condolences to Mary Ann & family.
I will sorely missed my friend & may Buck rest in peace, till we meet again.

“ *It was always a delight taking care of Buck when he came into the office. We developed a good friendship over the last 6 years and I always looked forward to the time that we spent together in the office. We would swap musician stories and just laugh for the entire time we spoke. I always enjoyed the long conversations that we had on the phone, which included 2 minutes of health related topics and 30 minutes to an hour of just catching up. He will be missed by me and Dr. Adam Weinstein. My thoughts and prayers are with the family.*
