“ I remember Chuck by the laughs we had while we were running wire through my garage expansion project, standing in the driveway BS'ing about politics and old cars, phone chats while sitting in commuter traffic, or exchanging funny dog stories about how we spent last weekend. He was an amazingly helpful friend who was completely generous with his time and knowledge of electrical systems. He drew up a plan for wiring up my garage and shed, and would get up on a Saturday morning to drive all the way up to my house in Carroll County to help me get my garage wiring done during construction (And, thanks to JoAnn for allowing him.)... AMAZING! You don't find too many friends like that in life and Chuck was one of the rare ones. We were sitting somewhere talking about old Mopars, when I happened to mention to him that my "dream Mopar" was the 1970 Plymouth GTX. He looked at me with this funny look on his face and said, "Oh, damn! I just sold one of those a couple of years ago." He was good guy that worked hard, enjoyed his time with other people, and even told me that enjoyed "birding" with JoAnn. It may sound like a minor point, but every time I work in my garage, I remember Chuck both for the fantastic job he did for me with my garage, but also for the friendship we had for a relatively short time. Thank you my friend...It was a pleasure to know you and an honor to work with you. - Dave

Chuck was a great neighbor, always willing to help others. All he had to do was spot you doing something and he was there lending both a helping hand and his expertise. He helped my husband through a lot of difficult jobs. He will always be remembered for his kindness to others and his friendly smile. He was a blessing to Joanne and our prayers go out to her and their families for comfort and healing. Jim and Jackie Robertson
