Deepest sympathy to Lee's family as you go thru this difficult time, Lee was a childhood friend to my husband and also worked with my son at Advanced. He was a truly a good person and great husband and father. He will be missed by many.

“ I had the the great blessing of knowing and working with Lee for over 13 years at Advanced. I have many memories of all the good and bad times we went through over the years. Lee made work not only a learning experience, but also a fun one. There is not enough space to tell all, but I know and remember several things. The time we worked 25 straight hours on generator hookups when the hurricane went through. When my Dad passed away, he drove all the way to Cumberland to pay his respects. While my son was in Suburban hospital in critical condition after his car accident, he not only came to see him, but my wife needed a prescription filled, but couldn't leave the hospital, so he went and got it filled and brought it to her. And finally, when my son came to work for Advanced for the summer, Lee took him under his wing, and taught him and watched out for him. So, I know several things about Lee, he loved his family, his friends, and would try and help anybody when needed, and finally he took pride in his work, doing it the right way. Lee will always have a special place in mine and my families hearts. You will be missed greatly my friend.

“ *I learned a lot from this man. Was always someone you could talk to and ALWAYS had great advice. No matter how bad of a day you were having he'd always get you laughing and get your mind of whatever was bothering you. He would truly be missed by anyone that has ever had the pleasure of being around him. Rest easy Lee and enjoy fishing up there bud!!*
