“ Loved working with Chris on the Board of Nursing Rehab committee and at Easton. She was compassionate and a role model for other nurses. A funny story about Chris. One time we were going to a conference across the Bay Bridge and she didn't tell me until we were on top that she was afraid to drive across the bridge. Needless to say we made across white knuckles and all. I miss those days and I will miss her. Terri I am thinking of you and your family

*Many prayers and blessings to the family at this time. Christine was an awesome nurse and loved her patients. I remember the time my father was in the pain clinic. *Chris was a wonderful and caring nurse. Her management and administrative skills were professional and fair to those who worked with her. I also had the opportunity of working with her daughter Terri when she was a nursing tech and then while she attended Nursing School. Chris was a very proud Mom when Terri graduated and became a great nurse like her mother. My condolences to Terri and the rest of the family. I know Chris is taking care of others with her Angel wings wrapping around them and her Halo being her "new" nurses' cap on her head. Chris, rest in peace and know you will be missed by all, who crossed your path.*
