“ Cody - I will miss your laugh, smile, and one of the biggest ❤️'S I have seen in anyone. You were an amazing person and as I am saddened by our loss , I am comforted that you are now an angel above and beyond the pain. I love you with all my heart!

“ Well my angel, it has been now I think 21 days since I got that phone call. I cannot even put into words how heartbroken I am that you are no longer here with us. I miss you so much it just takes all I have to get thru each hour of the day. I miss your laugh, your excitement when you had news to share with me. I miss our daily phone calls and what's most I miss you. I find that each day seems so long. Folks say in time it will get better, but I feel the opposite. I still cannot process the fact that my beautiful daughter will no longer be here. You have 2 beautiful children that will grow up without you and I know your choice was not that. Rest assured that I will do everything in my power to bring justice to your death and everything in my power to make sure you're kids know how much you loved them. I know that God has gained one heck of a spirited angel and I am sure he is still trying to understand you but you know he does. I love and miss you so much. This is God's plan and in my heart I know this but at the same time my heart is just broken. I am not sure it will ever heal but I am praying and trying. I have so many emotions that I don't know how to process but I am sure in time I will learn. Just know you were my ride or die and that I Love You with every breath of my being. I am so glad our calls always ended with I Love You. Even when we fought it was not even 10 minutes after that we would text each other, I'm Sorry I love you. I know you are finally at peace with all of your regrets and silent demons. I guess I could keep writing but I will stop right here and tell you that I love you and miss you. Rest easy my princess.

“ Cody was marvelously unique. She made her mark on this world. The indelible memories she created will serve as her legacy as a daughter, a sister, a twin, and as a mother most of all. I don't think she realized her value, though knowing you all as a family, I was left with no doubt. One day, the veil of grief will lift, and when it does, I pray the memories she leaves behind will be like sunshine on a spring day. Until then, you will all be in my prayers, and like her, will remain forever in my heart.

“ My only knowledge of Cody is that she is my best friend's daughter. She absolutely looks just like Puff did when we were young. Oddly, her twin brother looks just like Wayne did when we were young. I'm so hurt for you and your family and friends and wish the was something I could do to help. Love you Sister. Rita (Ballesteros) Dean.

“ *Spunky, spirited, and full of grit... that's what you first saw when you met Cody. I met her as a Preschooler, and watched her grow up through the years. This girl didn't let anything stop her. Cody never failed to say hello when she saw me around town, and would stop to chat for a bit. You are gone way to young. Ms. Dianne 🥹*
