Purple is the color of royalty and although I didn't know Curtis personally, I know Christina. I know this one thing.....I never saw a post on face book that Christina wasn't always so very happy. My feeling is that Curtis made you feel like a queen and it takes a very special man to do that for any woman. He had an infectious grin and dancing eyes and my heart goes out to you, Christina, and to Curtis's family. Love you!
