“ I felt grateful to be holding your hand when you took your last breath. I was sad not to have known you when you were healthier. I loved you and hope I made the last 7 months better for you. After your passing and looking at all you and Jerry's Pictures I can see you have a full and happy life and that brings me so much joy. The house won't be the same without you and we all will miss you so dearly just know you were loved. Enjoy those hugs from your son in heaven. I know I'll see you again. RIP

“ God saw you getting tired
And a cure was not to be
So he put His arms around you
And whispered “Come to me.”

Until we meet again, Love Amber.
