“ When I met Dan in 1978 we instantly became friends. Although he was 20 years my senior, we seemed to have a lot in common. I was a technician and he was a designer. Although I had drafting training in high school, I had never heard of the career of being a designer. He encouraged me to get into the drafting and said I would be good at it. Well, 39 years later, I am Chief Designer for the company where I work. If it wasn't for Dan, who could guess where my career would have gone! He was truly a great mentor. He was the best of the best. He was a second father to me!

I send my love to Bev and the rest of the family.

“ Dan, I will miss you! Simple but eloquent. I remember when you came to Choptank Electric and when you retired. I shared with you many a lunch as well as many visits to your home over the years. I shared your retirement with you with you going first, you lucky guy.... you and your wife of many years, Beverly, whom I called "pistol packing mama!" I even managed to visit your lovely home in Hebron, MD and it was lovely too... We drifted apart over the years but whenever I would call, you were ever so glad to hear from me. But, even though you are gone now, you have left me with a phrase that I say even now... "do the best you can and judge yourself accordingly". THANKS, DAN!
I WILL MISS YOU!!

“ My name is Nancy Labat and I work for the YMCA of the Chesapeake. One of the most beautiful interviews I have had the honor of doing was while visiting with Dan and Beverly. I had come to their home to get information about Dan's involvement with weight lifting at the Easton Y.

What I left with was a glimpse into a marriage and family built by a man who was the salt of the earth. He was respected and loved by his whole family. Spending time in their home, as Beverly showed me different pictures of Dan and talked about his accomplishments, showed me a marriage that was nothing short of true love between soul mates. I only know one of their children, but listening to Pam talk about her Dad gave me a clear picture of him and what a rock solid figure he was in her life.

I am so sorry for your loss and hope that soon sadness will be edged out by funny and warm memories of Dan. We will remember him fondly at the Y.
