“ Tammy and family,

Our heart hurts after hearing of “Bubba’s” passing. He was a special friend and coach to my son and I while he coached KCHS Football. We never saw him that he didn’t have a smile and a memory to share. He will be missed and always thought of fondly.

“ I had the opportunity and great pleasure to have been Bubba's baseball coach: Little League, High School and American Legion. Memories of two hits he had have remained with me for the past thirty plus years. On the field behind KCHS he hit a ball to straight away centerfield that ended up in Bryan Williams cornfield. There may have been others but the only one I know of to have hit one out there was Harold Baines in the mid 1970s. A second ball Bubba hit was at Worton Park "A" diamond playing American Legion baseball. It was a simple line drive straight through the middle that came close to decapitating the umpire positioned between the pitchers mound and second base. There was no time for the umpire to move, he just cocked his head to the side as it went by. All these years later having coached many games I still believe it was the hardest hit baseball I have ever seen. However there are two other things about Bubba I will remember more. His smile and his laugh. He was as good a human being as God put on this earth, called home too soon for us to understand.

RIP Bubba, if there is baseball in heaven I'll see you there someday!

“ As a catcher, Bubba had a hell of time fielding pop-ups behind the plate. But he had a good arm and I'll always remember the "moon shot" he hit out of Easton's Black & Decker Field. More recently, Bubba and I had a great time talking about high school football and food—coleslaw, fish subs, and barbecue. I'm completely saddened by the loss. My heart goes out to Bubba's family for they knew him the best and will miss him the most.

“ We grew up together! Off Cannon Street, he was always “Kind, always had a smile for a kid you get than him , stood up for those picked on an befriended me”- he was a genuine guy. Lost contact after we relocated an I left for the Military in 1987, I was fortunate enough to run into him a few years back around 2005 we knew each other instantly. My prayers for Peace for comfort an for light in the difficult moments for his Family . So sorry to hear about your loss

“ *What an incredible man. I had the unique opportunity to attend some of the most prestigious military institutions our country has to offer. Coach Bubba was there to support me the entire way always making sure one of his own was taken care of. This “guiding light” has shown itself multiple times over in the last 6 years or so as we had occasionally talked football and life. One thing that always remained true was his unwavering support for those he coached— Long after he coached and mentored me, Coach Bubba always gave me his “short list” of young men destined for greatness just needing a little guidance here or there. He was always a sponge to look for any way to make himself or those around him just a little bit better never asking for anything in return. This man transcended color, beliefs, politics, gender, & anything else that bends the world as we know it. He has made his mark and we will never forget.*
