Debra Anne Cruder of Severna Park, MD, passed away on June 5, 2022, at Complete Care at Corsica Hills in Centreville, MD. She was 67.

Born on October 1, 1954, in Englewood, NJ, she was the daughter of Robert and Anne Pilz Grace. Debbie grew up in Edgewater, NJ, and graduated from Leonia High School with the Class of 1972. She attended The Berkeley School in Ridgewood, NJ, completing the Executive Secretarial Program of Study, then went on to work in point of purchase advertising and sales at Merchandising Display Corporation in Englewood NJ. She enjoyed trips to Europe and skiing in the winter with friends.

In 1986, she married then LT Marc Cruder, USCG of Cresskill, NJ. They drove across the country together, were stationed in Long Beach and lived in Palos Verdes, CA. She also enjoyed gardening, all kinds of crafts, and DIY home improvement projects from wallpapering to tile work to faux finishing furniture. She was a prolific

“ *Debbie was one of the dearest people I've ever known. From the moment she moved in next door we were instantly friends. She was always busy doing projects around her house or in the yard. She was a good carpenter and decorator and would invite me over to see her completed renovations. They always looked great! We also shared a love of gardens. She'd divide her plants and give me some for my yard. Then there was her cooking. She was an excellent baker and loved to make a large variety of Christmas cookies. She also loved to cook Italian food and would invite me over often to share meals with her family. I loved being part of the Cruder family! My deepest condolences. Debbie was a one of a kind!*

“ Today is one week that my best friend Debbie is gone. We started kindergarten and Sunday school together. Moved from Pal Park into brand new houses that are parents built in Edgewater, NJ. I guess we were destined to be friends... we went on vacations with her parents when younger and traveled with friends when older. Debbie was always easy going, levelheaded and fun to be with. When she met Marc a young handsome officer in the USCG she was really happy. Love changed her from being a career girl into being a wife and mother. Debbie loved her family and was so proud of all of them. Never once did I hear her say that she had any regrets. Marc and Debbie were a great couple, very much in love and wonderful parents. I will never forget her... none of us will, she will always be close in our hearts... so for me, it's goodbye for now... I'll see you on the other side

Thank you Vicki. You certainly were Debbie's alter-ego. Every time you called, I knew who it was because of how long she was on the phone and how hard she laughed. Even when things got hard for her, a call from you would lift her spirits immeasurably. She cherished your life long friendship and her relationship with you helped her understand and guide Noelle. Let me know when Debbie's spirit comes to visit you. Thank you again and stay in touch.

“ I saw and talked to Debbie a lot since we were next door neighbors for 18 years. She was dedicated to her family. A gentle person who loved animals (and they loved her), Debbie pointed out a large turtle in my back yard that needed a nudge. "Who, me?" She did not shrink from unpleasant tasks. I always admired her ability to fix things around the house, or not be daunted by things that snap, crackle or pop. Owning a large house is an adventure we shared!

Thank you Helen. Debbie was always helping stray wildlife and over-socializing every pet we had. She was good like that....and she was good with things that went snap, crackle or pop....and because of her alternate perspective, even helped me a few times when I was stumped out in the garage. Appreciate your memories. We enjoyed you and your family as neighbors....that includes Elmo!

“ And finally....Debbie could dance and really enjoyed dancing. We were always the first ones on the dance floor and even took ballroom lessons. I will miss you, my Honey....so save a dance for me...

“ Debbie always enjoyed a good "tootle." Her first sportscar car was a Datsun 280Z. I told her if I was ever serious about her, I'd buy her another Z....which I did. Debbie could handle and drive whatever I threw at her, including riding on my first Triumph motorcycle.

“ *Debbie was Bobby Grace's little girl, so she came to the marriage with her own toolbox and wasn't afraid to use it. She also designed her own gardens and was happiest when she was outside tending to them or cutting the lawn*

“ *Before we got married, Debbie said to me that she didn't know if she could be a Coast Guard Wife. I told her I was not asking her to do that. After we got married, I looked at my payroll deposit and said to her: "This is a good deal being married, you get \$200 more a month." When she asked why, I told her because now she was a "dependent." She quickly told me: I'm not a dependent....I'm and INDEPENDENT.".....and there you have it..."my honey" again.*

“ The look of her face says it all. She had eyes that would smile until they disappeared. She was the most active and involved mom a kid could ask for. I never have to wonder what life would be like if my mommy was around more because she was always there 💕

“ *Marc, Matthew and Noelle,*

I am so sorry for your loss. I was so very fortunate to call Debbie as a friend thru school and even after graduation. Those school days with her are etched in my memory. We had a lot of fun times back in the day. She was so very happy with her life with you - that showed in all of the Christmas cards that she wrote. You can tell from her writings that she was so very proud of you and the kids. I wish we had taken the time to get together. My memories of her will stay forever. My thoughts and prayers are with you and the family at this difficult time.

“ *Debbie was our loving sister in law. She and Marc were truly soul mates and she loved him, her children Matthew and Noelle and her Sadie dog immensely. Debbie always enjoyed an adventure especially when it involved her children and nephews. From the Statue of Liberty to Kings Dominion she brought fun, enjoyment and lots of laughs. It was always enjoyable to hear her perspective and to see her creativity from her incredible sewing skills to the famous yearly Christmas card poems that always perfectly rhymed. When it came to holiday gatherings there was never a need to worry about dessert as we could count on Debbie to show up carrying 4 or 5 delicious homemade pies.*

Whether or not she ever got used to the loudness at our family gatherings we will never know but we do know that we will miss her very dearly and remember her always with lots of love.

Love Rosemary and Dan

Thank you both. It is true Debbie preferred quiet surrounds. She always wondered why everyone was yelling at each other at the dinner (Thanksgiving, Christmas or Easter) table....New York Italians...what can you say?

Even though she only made me rhubarb pie once, I will miss the desserts, but I have saved all her recipes.
