“ *My brilliant cousin. So pleased I was able to spend a little time with Denny for a few dinners and meet ups when he would come to Cocoa Beach for his winter months. Denny had the best stories and also was able to add a few wonderful stories about time he spent with my father, Robert, his Uncle. It meant so much to me as I lost my Dad when I was 17. Thank you cousin, those moments meant the world to me. Hope you shot a few ducks on your way up and out. Marlene Sue Dusz*

“ I met Dennis in 1977. I considered him a dear friend through the years. I regret I hadn't been in touch for a while and will miss our "drinks" and occasional dinners and long conversations. His dogs were like his children, he loved them all dearly. He told me his dogs were like a "chick magnet" for him. He could play Scott Joplin on the piano better than Scott Joplin. He was brilliant, opinionated, a great radiologist, and a true friend to many. And Chery, he loved you. You took such great care of him and his life. He will be missed.

“ I met Dennis and his parents 50+ years ago, he was always a joy to talk to and will be missed. I was able to see him and eat dinner with him and my family at the cabin in September, so happy I was able to see him one last time. So sorry for your loss, he was a sweetheart!

“ I was Dennis’s housekeeper and friend for 18 years. I shared many good times and conversations with him, also loved his dogs, and snuck treats to them when he wasn’t looking. Met his family (nieces and nephews) over the years . I will miss him and his wit, especially his political views, Rest In Peace.
