“ Pam and family, very sorry to hear of Don's passing, from his obit. it sounds like he squeezed a lot of life into too short of time, again my condolences to you all he was a friend and a good guy in high school doesn't sound like that changed Kevin McCaulley ,Lake City

RW

“ Mr. Berns--One of my favorites who came through the hospital for his appointments! We always had a laugh and smiles all around every time he came in especially because every time he had an appointment, he would wear blue and that's how I remembered him as soon as he came through the door. He always knew how to brighten my day! You would never know if he was in pain, and he never showed anything but strength and resilience through it all.

I light a blue candle to one of the kindest souls I have ever met, and God knew that because He was ready for him to join his Kingdom. Forever in heart to my "blue" and all of my love and prayers to his wife and family.
