

# Donald Edward Hargett

January 14, 1945 - September 14, 2023

Donald passed away suddenly on September 14, 2023 after a brief illness at University of Md, Easton.

Born in Brooklyn, NY, he was the son of Francis Hargett and Mildred Marshall. He would meet his wife Hedy while in high school on Long Island and they married in 1965. Donald had a long career in the trucking business and settled in Easton, Md after joining Preston Trucking Company. He enjoyed golf and visiting the island of Aruba, where he vacationed for almost 40 years.

He is survived by his daughter Krista Newnam (Jason) and his son Todd Marshall Hargett. He is also survived by his 5 grandsons, M.E. "Max" V, Nicholas Marshall and Owen Todd Newnam and Taylor Marshall (Sarae) and Phoenix Christian Hargett, all of whom he credited with making him the proudest Poppop around. They were, quite simply, the joy of his life. He loved every minute of every single baseball and hockey game, watched no matter what part of the world they were playing in and he never missed a post game chat. Additionally, he had the absolute pleasure of one great grandson, Mason Marshall Hargett and the news of his sibling coming spring 2024. He is also survived by daughter in law Kelly (Mike), niece Kate (Miles) and nephew Lawrence (Beth) and their families.

Donald and his family are deeply grateful for his Drs. Christina Turner and

Ludy Eglseder as well as their respective staff and all the wonderful care they gave him.

Donations can be made to the Donald Hargett Memorial Fund c/o PNC Bank, 104 Marlboro Rd., Easton, MD, 21601. Monies will be gifted to the local sports teams that he so enjoyed.

Services will be private.

“ *Don and I were casino “friends “. Sitting in the same area, we talked about anything and everything! He would offer me mints and I always enjoyed his company. I miss my friend. With deepest condolences. Dorothy Kaufman*

“ *Don was my neighbor and my friend. We enjoyed playing golf together years ago and we both had a passion for guitars. We have stayed in touch even when we both moved from Mulberry Station. I enjoyed seeing Don and Heddy at ROFO from time to time for their Coffee break. I will miss Don Hargett. Rest in piece my friend.*

“ As a third cousin by marriage to Don and seven years younger, I could share many memories during my childhood years. Don was the cool cousin, the musician with the aqua guitar! I can remember as a child visiting the Hargett's with my family, and sneaking down their basement, walking over to the storage closet, quietly, opening it, just to gaze at the aqua guitar. I could picture him playing it! Through my years of growing up, Don was always open and friendly to me. With each visit, he always had conversations and was sincerely interested in what was going on in my life. The most significant memory is the fact that he and his mom, Aunt Mildred were instrumental in getting my husband, Bob, and I together, 53 years ago! We were all at a wedding when Don came over to me, asking me to dance. I joined him immediately, and he danced me right over into the arms of Bob, just as he and his mom had planned. I am forever grateful to him for that plan and getting us together. My parents, Connie, and Bill Barton were always fond of him as well. Whether someone was younger, older, or the same age, Don would always, and I mean, always engage in conversation in a very genuine way. I know he will be missed by all who knew him. I will certainly miss his daily emails and his interest in my family. May his family feel the presence of God surrounding them, filling them with His peace.
