“ My Cousin Donna.....the past few days I keep hearing "Pamela Robin" and your beautiful laugh. I have always looked up to, even more so when you became a grandmother. You set that bar very high, always spreading your love. Although I have many throughout the years there are a few memories that have always stuck with me. I'm thinking you were maybe 16, driving to the beach, There was a lot of traffic at the Little Heaven light (imagine that!) to where traffic was stopped, we were also going to the beach, Mom fussed at you for driving barefoot! Another memory that sticks out is when we were in Clearwater, you "let" me walk down the road with you and your friend, you were singing the song "Cecilia your breaking my heart".....Many childhood memories from when we lived in the Farm house.

When I lived in Tennessee and would come home to visit you were usually my first stop since I would pass by your house or I would do a surprise visit at Acme. I needed to see my Cousin Donna.

Funny how if something delicious was brought over to one of your family gatherings, say for example your Aunt Edna's fudge or my cheesecake, they would suddenly disappear! You were the best cousin and friend, I love you with all my heart.

“ Aunt Donna.... so much to say and so many memories in the short seven years i have known you. When Carrie and i first got together you were the first person to invite me into the family and treat me and my children as if we were part of your family, and that will forever be apart of me. Ever since then we have always joked and cutup at family events for one reason or another.... from you chasing me around with a wooden spoon for picking on u about your macaroni and cheese (store bought box macaroni as i called it) to you yelling at me as soon as i walked in the door the next time because i called it box mac n cheese it actually truely was amazing thats why i did it. You will forever be in my heart and our entire families, so with that said you will never leave us, and we will never be alone. Continue to look after us and make your presence known as you always have. I can never thank you enough for the heartfelt welcomes you gave me and for taking care of my wife Carrie the way you always have throughout the years we both love you dearly!! And as you've always said " take care of them babies", we all sure will, but now it looks like we will all have to be lenient on holidays and allow them to live by "aunt donnas rules " and let them have and do whatever they want. So this is not goodbye but simply a "See you again one day", hopefully holding your arms out welcoming and greeting each and every one of us again as you always have. As hard as it will be for all of us we will try to get through this because we know you are with all of us throughout everyday! Ps... Danny Brown and I will do our best to keep Carrie and Tina's family competitions fair as you always did "No cheating Carrie Lynn,Tina Marie get back here no peeking!

“ *Miss Donna was my mom next-door from the time I was in elementary school. Many mornings I think of her at breakfast when my family insists on me making them French toast I hate French toast, why you ask..?? Every morning before walking out to catch the bus with Tina, Ms. Donna had my plate ready full of French toast, literally all you can eat.... not wanting to hurt her feelings I choked it down for 4 years, praying for anything other even just a piece of plan toast. Til this day I refuse to eat French toast of any kind..there are so many things we all could say, I know I could go on for hours. She moved years ago but moved back to the other side of the house I grew up in, which now is occupied by my sister. I have been wanting to stop by to see her and take my daughter over but was always to busy, and now here I sit so sad that I did not go by and just stop for a few minutes out of our crazy never stop to say hi life. Donna you were one of a kind and will always be loved and the memories we have will be cherished. Tina and Travis I love the 2 of you and will keep you in my prayers, I unfortunately can say I've been there just remember she's in a better place and will never suffer again... love Karrie (Jacob) Sitzer*

“ *It is so painfully hard to express the sorrow that has gripped our entire family since we got the call about Donna's passing. We feel numb and so shocked that anything like this could happen to someone so vibrant and full of life as Donna. All of us ache for Tina, Travis, Kenny, Mr. Clough and the entire family as they prepare to go forward with life without this loving lady who constantly demonstrated a supportive nature. It is true that the inspirational examples of openly expressing joy and love for people and her undying loyalty to family and friends made her so special. She set the mark to reach for in daily living by expressing kindness, empathy and concern for those with whom she had contact. She was always so interested in your family and had time to talk and of course, laugh. Months could go by without seeing her. However, when you did, you could pick up just where you left off. What a wonderful characteristic. As we think of fond memories shared by many of us such as weddings, graduations, road trips, picnics, discussing children, and of course, lacrosse, we can smile and find ourselves even laughing out loud. These memories will sustain us and we pray that such wonderful life moments and memories will sustain her loving family. All of us will miss Donna's effervescent personality, quick smile and twinkle in her eye. She will remain a part of all the people she touched . Our lives were better because we knew her. Lovingly, Ann and Bob Campbell and family*
