November 3, 1963 - May 3, 2020

Donna Marie Parsons of Chester, MD, died Sunday May 3, 2020, at her home in the arms of her loving husband. She was 56.

Donna was born in Washington, DC, on November 3, 1963, the daughter of Joan Marie D'Ambrosio Baker of Millersville, MD, and the late Richard Ford Baker. The most loving and caring wife, she will be forever missed as she touched everyone's life with whom she knew. She had a deep faith in God. She loved spring time, as everything comes to life again. She loved living life! She loved walking, biking, gardening, cooking, going to the beach, and going on the long drives to whatever adventures await. She loved working as a hospice nurse and in home compassionate care for elderly and kids with cancer. She loved her rescued Yorkies as she showed them love, kindness, and compassion.

In addition to her mother, Donna is survived by her loving husband, Robert Parsons of Chester, MD.

In lieu of flowers, please support one of the following in her name to Compass Regional Hospice, 160 Courevall Drive, Centreville MD, 21617 or the American Cancer Society or National Kidney Foundation.

“ Donna was more a daughter than a daughter in law , she was always there for me as I am richer and so thankful for having her in my life as was my son. Her compassion, kindness, thoughtfulness, as she always thought of others before herself. Realizing after I came home from recovering from a broken foot, I found that Donna had planted flowers as well as hanging a beautiful turtle wind chime for me to adore and other " Donna " things around the condo as she knew she wouldn't be here when I came home. I look at these things and think about her! I will miss her so much!! At least your in heaven and out of pain Donna, love you !! Thank you for many great memories! Maryann Machen

“Seven years ago in May, Donna invited me to lunch and we became instant friends...soul sisters. If there was fun to be had, Donna was first in line. She loved music and following her favorite bands. We danced on the boardwalk in Rehoboth, on the sandy beaches of Paradise Grill and at the Big Chill, and on the grass at Stango Park in Lewes. She had a great style about her and we really enjoyed shopping together. We would spend hours trying on clothes simultaneously and often walked out with identical "animal print" outfits. She was a trustworthy friend, a wonderful mommy to Scout and Sophia and a terrific wife to the love of her life- Bob, who she loved to spoil. I confided in her and relied on her for advice. When Donna was at her sickest, she still wanted to be helpful to everyone. Donna, you will be missed dearly and know that Shelley, Shawn and I will keep in touch with "your Bob" . I know you will watch over us because thats what you do. Now, "girlie" (what we called each other) spread your angel wings and fly with your loved ones in heaven. We will see each other again some day...Doreen

“ It would be difficult for me to share my memories as there were so many, what I can say is that Donna developed deep and meaningful relationships, ours was very much spiritual. A few know of her visit to me the day after her transition-I shared this with Bob and Doreen. She made it to the other side and she is okay, finally. She will watch over us, if that I am certain. When I think of her, I remember her smile, her love for Bob her pups her friends and most of all...Life. Journeying with her reaffirmed my belief in the continuum of life and I believe that I also reaffirmed that for her-We were certainly gifts in each other's lives. May God and Donna Bless is All forever.

“ Rest in Peace, dear Donna Marie. No more pain as you're now in Heaven. Bob always remarked how strong, brave and resilient you were when facing health challenges. He loved you so and, while you are now at peace, we'll be sure to support him as he grieves your absence. thanks for all you did for others through your nursing profession. Job well done. Now it's your time to rest.

Lovingly,
