

## Dr. Raymond Peter Srsic

April 28, 1928 - June 25, 2009

Dr. Srsic, a well known and loved pediatrician, died with his family by his side at The Johns Hopkins Hospital on Thursday, June 25, 2009, due to complications from ALS, also known as Lou Gehrig's Disease.

Dr. Srsic was born in Pittsburgh, PA, on April 28, 1928. He graduated from the University of Notre Dame in 1948. He then earned a Masters Degree from the University of Pittsburgh in 1949. After that he served as an officer in the U.S. Army during the Korean War. He then graduated from The Johns Hopkins University School of Medicine in Baltimore, MD, in 1957. Following this, he began practicing medicine in Anne Arundel County and later in Queen Anne's County. His practice spanned multiple generations of families. Throughout many years, he continued his professional affiliation with The Johns Hopkins Hospital as an Associate Professor of Pediatrics. His other past accomplishments included President of the Maryland Chapter of the American Cancer Society and a 4th Degree Member of the Knights of Columbus. Dr. Srsic and his wife, Betty, recently celebrated their 51st wedding anniversary in May.

Dr. Srsic is survived by his spouse, Mary Elizabeth (Betty). He is also survived by his children Karen Shorter and her husband, Dennis, of Moodus, CT; Peter A. Srsic of Queenstown, MD; Beth Conolly and her husband, Peter, of Jeffersonton, VA; and Rebecca Mobley and her husband, Gene, of

Stevensville, MD; and grandchildren Rachel and Anna Marie Carlson; Sarah, Caroline and Erin Conolly; and Raymond Anderson. He is also survived by his sister, Martha Berdnik, her husband, Carl, and her family from Pittsburgh, PA, and many other family members.

A visitation will be held from 3 to 5 pm and 7 to 9 pm on Monday, June 29, 2009 at Fellows, Helfenbein & Newnam Funeral Home, P.A., 106 Shamrock Road, Chester, MD. A funeral Mass will be held at 11:00am on Tuesday, June 30 at St. Christopher's Catholic Church, 1861 Harbor Drive, Chester, MD . Interment will follow at St. Peter's Cemetery.

In lieu of flowers, the family requests that donations be made to the Muscular Dystrophy Association ([www.mda.org](http://www.mda.org)).

“ I was just speaking to someone about Doctor Srsic and how lucky we were to have him as our pediatrician growing up. I knew Dr Srsic had passed some time ago, but I don't believe I had see the online obituary until now.. Doctor Srsic was not only a great doctor to my brother and I, but he was a very kind caring man. During our visits he would always ask about school, sports etc., and just took a genuine interest in our lives.. My mom told me stories of how she had called him at night a few times because one of us had a high temperature. Dr Srsic would always took the call and give my mom instructions.. Now I have kids, and feel very fortunate that our pediatrician has many of the qualities that Dr Srsic brought to his practice.. RIP Dr Srsic. -Chris Eberhardt

“ I was taken back when I heard of Dr. Srsic's passing last year. He was more than my pediatrician, he was my mentor and I remember being taken to his office many times by my parents and he spoke to me as a father anfdfriend, giving me advice on how to "shape up" when I was misbehaving as a teenager. Even though I didn't like him when he was giving me needles, I am so glad that I had such a wonderful doctor and I pray, a year later, that your family recognizes t ht honor of having such a wonderfully gifted and caring man attached to their family name. I wish that he was around to care for my young infant the way he cared for me since I was six days old, but I am glad that he's in a better place. From my family to yours, may God bless you all.

As we speak to you in prayer.  
To let you know we love you,  
And just how much we care.  
Take our million teardrops,  
Wrap them up in love,  
Then ask the wind to carry them,  
To you in heaven above.*

“ *Dr. Srsic was truely a one of a kind doctor we will miss him so much. I remember calling him when Savannah was first born and he would meet me in the office no matter when, and it would often be sundays. He loved the children so much no matter what his schedule, he made you feel that you really mattered. My family has been with Dr. Srsic for over 13 years now. My prayers go out to his entire family for their loss, he truely was an angel.##imported-begin##Dena, RJ and Savannah Chess##imported-end##*

“ Our deepest sympathy and prayers are sent with love to Dr. Srsic's family and friends. I'm not sure where to begin. When I first started bringing my oldest daughter to Dr. Srsic I was at the end of my rope with her being sick all the time and being in and out of the hospital. He promised me that things would get better. Then my second daughter came along with some health issues and Dr. Srsic was there every step of the way. He took care of my children for 15 1/2 years. Anytime you mentioned Dr. Srsic's name everyone knew him. He was a miracle doctor. He will be greatly missed. There will never be another doctor like Dr. Srsic.##imported-begin##John, Elizabeth, Victoria and Caitlyn Shriver##imported-end##

“ “Was he playing in the woods?” Dr. Srsic asked as he examined my middle kid, who had a grotesquely red, swollen, and itchy face afflicted with poison ivy. “No,” I answered, ‘he got it from the cat.’ This gave the good doctor pause and he tactfully explained that poison ivy is caused by the oil from the plant. “Yes,” I replied, “but the cat had been running through the woods and he picked it up and rubbed his face on its belly.” “That could do it,” he agreed with me. He prescribed treatment and the middle kid could soon show his face in public again.

*That is only one memorable incident in the care our five children received from Dr. Srsic.*

*Our sympathy is extended to his family. May God comfort them in their loss.##imported-begin##Yvonne Aasen##imported-end##*

“ Dr. Srsic, words cannot express how grateful we were to have you in our lives. As many others have said, you were more than a doctor to us. You helped us through so much and were always always available when we needed you. The first time we went to an after hours clinic on the weekend instead of calling your first, we learned quickly that was not what you wanted and we never did it again! The dedication and love you had for your patients and families was unbelievable. You never failed to ask about the family and tell the kids how proud you were of them. You took a personal interest in each and every one. We will always remember you with love and appreciation for all you have done for so many people. “ Dr. Srsic was so much more than a doctor to us. He had such a kind and gentle spirit, it was easy to see how much my children meant to him. The love and compassion he had for us was always evident. He made sure to ask me at every visit how our home life was going and if the children and myself were ok...even when his words didnt come easy...he still managed to get that out. That meant so much to me that he cared for us that much! He always told me, "your a good mom" and he would give me one of his rough dr. srsic hugs lol! I have never met anyone like him. He is an amazing man. We could all learn a lot from his wonderful, kind, gentle, compassionate, and strong spirit. He will be greatly missed!! We love you Dr. Srsic!

“ *My Brother*

*Although we came from different families, Ray and I became brothers through shared families, interests, and life-long careers working with children.*

*Ray's mother and my mother-in-law, Martha, loved us dearly and took great pride in our families and our accomplishments.*

*We were both lucky in love, Ray's beloved Betty and Ray's beloved sister and my wife, Martha Alice, filled our lives with love, great kids and supported our work so we could have such successful careers.*

*Ray's children, Karen, Beth, Peter, and Rebecca; my children, Carla, Chris, and Victoria; and Ed's children, Kathy, Ed, John, and Carl were sources of great pride and we loved them all. To Ray and I they were our inspiration and brought so much joy to our lives.*

*Ray loved his work and so did I. What can be better than helping children grow into healthy, educated adults?*

*At family get-togethers, we sometimes tipped too many glasses but as we sat together, the conversation and the camaraderie were priceless.*

*So my brother, as God has taken you to Heaven, I will remember those quiet moments rowing on the Wye River, the two of us talking and at peace with the world. When I join you in Heaven, I hope we can have one last row together. You will truly be missed, my brother.##imported-begin##Carl O. Berdnik##imported-end##*

“ Thank you Mrs. Srsic and family for sharing Dr. Srsic with us. I can't imagine how many times he must have been pulled away from spending time with you to comfort or care for one of us. And thank you staff for 'squeezing' us in when you could hear our scared voices over the phone. Just being in that office with the nurses and the doctor was calming to me.

Jokingly during an examination Dr. Srsic would say, "Here is the problem, there is spaghetti in his ear". I am sure many of us heard it, but the first time I heard him say that, I jumped up in horror to see, and then quickly sat down hoping Dr. Srsic wouldn't notice that I didn't realize he was joking. No such luck. He teased me from then on about that.

My son Buddy and I will miss him greatly. We were so fortunate to have had him as our doctor. May God Bless him and his family

Dr. Srsic's wife and family were extremely gracious in sharing him so generously with the larger world, given the demands of his calling and his extraordinary work ethic. And, of course, the good Doctor's wonderful staff kept the office machinery running smoothly to the Doctor's high standard, while making each visit a comfortable experience for patients and parents alike.##imported-begin##Jim Bartlett##imported-end##

“ I will always remember Dr. Srsic for his kind and compassionate ways, but I will always hold him dear in my heart for saving my 11 year-old younger son's life. Not only did he find out about the brain tumor, but he personally went up to Hopkins to get Dr. Ben Carson to operate on him. I remember entering Michael's room very late at night after the operation and I saw Dr. Srsic standing there! I was exhausted but he made things so much easier for me. Then there was the time when Michael had brain swelling after radiation treatment and Dr Srsic was still at his office at 10:30 at night! We were only 5 minutes away; he examined Michael and told him to go to Hopkins immediately. How lucky were we? Just 2 examples of many...I feel so fortunate now that Michael is a father of my grandchildren, who were also Dr. Srsic's patients. Both of my children were cared for by Dr. Srsic, but Michael is the only one close by. The older son is in Washington state with his child. I am so grateful that Dr. Srsic saved Michael's life, because not only do my husband and I have Michael close by, but we also have a lovely daughter-in-law and 3 beautiful grandchildren. Dr. Srsic has enriched all our lives. We have been blessed many times over by this wonderful man. Thank you, Betty, for sharing Dr. Srsic with us. “ Our deepest sympathy, love and prayers to Betty and family. Thank you for sharing such a kind and wonderful man with us. Dr. Srsic touched all of our lives from the smiles and hugs to advice and caring. In 1970, Dr. Srsic became our pediatrician when Chanin was born and soon followed Jeff and the twins, Lori and Suzi. We always appreciated his dedication and especially the follow-up calls. One time he called and wanted us to bring Chanin back in four days. My husband said, " Dr. Srsic that's Christmas Day". Dr. Srsic said, "I'll be here--you be here". We were there and so was he!

“ When Denise was pregnant with our son, James (Jamie) we interviewed pediatricians in hopes of finding "That Special One". When Dr. Srsic assured us that he was "always available", we were, quite naturally, somewhat skeptical. That was one time when we were very glad to have been mistaken in our thinking ! Dr. Srsic was as good as his word and better...a true "Old School" gentleman and Physician in the best and highest sense of that phrase. To the very end, he remained a marvel of dedication and compassion, giving great honor to the Hippocratic oath and to his profession. There are not enough words to adequately express our appreciation for all that Dr. Srsic has done for Jamie (and by extension) the Bartlett family. Dr. Srsic touched the lives of so many countless others, besides our family...all of us that knew him (however briefly or slightly) can count ourselves as privileged to have been graced by such an association. “ Dr. Srsic became our pediatrician at the recommendation of a friend when we moved to Annapolis. As jobs changed and healthcare plans changed, the only doctor we adamantly had to have was Dr. Srsic. Our three children adored him and despite blood draws and vaccination shots, they all eagerly looked forward to seeing Dr. Srsic. His love of children, his family and Notre Dame were evident always. I can't imagine not seeking his sage advice over the latest ailment or behavior.

To his family - even his patients knew how much he loved you. Our sympathies are with you.##imported-begin##Margaret Dean and family##imported-end##

“ Words can't begin to express my sadness. For 8 years, I was Dr. Srsic's Shire representative. Over the years, Dr. Srsic shared with me his clinical insights and taught me to be a better rep. It was always evident how much his patients loved him and how much he loved to care for all of his patients. Our community has lost a great physician and a wonderful person. “ There are simply no words that anyone living or dead can write to adequately express the loss of this great man. Anyone who knew him, knew that they were blessed to and realised there was no one else that could ever fill his shoes. If he suffered at all from the ALS, he suffered with EXTREME dignity and grace in the public eye. I saw him for a checkup about a week ago and he was still smiling and still asking how my family was doing, knowing that recently we had been in a great deal of turmoil. He was my physician, friend and a member of my family for the past 24 years of my life. I, as well as countless others will miss him greatly. My deepest sympathies to his family. He started seeing Linsey when we would visit for the Summer. He continued to be her Doctor after we moved here. I don't know what I would have done without Dr Srsic, he even saw me a time or two when I was here visiting. He will forever be in our hearts and a true hero in so many people's eyes. “ I will miss him. He was always so kind and helpful to me since my first days in practice next door to him in 1981 over in Arnold. A real gentleman and role model for me. Ray would send me some of his patients when they grew up and I was always flattered by him having enough confidence in me that he would let me take over the care of his "kids". When the next generation wants to take their own children to the same doctor that says it all. My husband's mother died of Lou Gehrig's.

We were all blessed to have known Dr. Srsic. Our heartfelt sympathy to the family.

“ Dr. Srsic is so loved by our family. He was a wonderful, dedicated physician who cared so deeply for all of us. His commitment to the well being of our family has been incredible - there is no one like him. We are grateful for his care, and we are equally as thankful for the sacrifices and loyalty of Mrs. Srsic and the family through the years. We have truly been blessed. When our 4 children learned the news of Dr. Srsic's passing, there was silence, sadness and reflection - all of us truly love this great man, and his dedicated staff. He has been family to us, and will be missed incredibly. We wish all of the Srsic family and friends peace and love.

“ *My dearest brother, my friend. I miss you terribly. For many years you were always there for me even though there were many miles separating us. You were only a phone call away. Your remarkable medical knowledge guided me and my family through many medical crisis. You were my rock, my support system through my glaucoma surgeries. Your calm voice and assurance that everything would be alright gave me the strength I needed to get through those times. I always admired your devotion to Betty and your children. You truly were a model husband and father. You were more than an uncle to our children, Carla, Chris, and Vickie, and they love you dearly and cherish the many family get togethers with you, Betty, and their cousins. And to my Carl, you were truly his brother. There is a void in our hearts but I know you have joined Mom, Dad, Ed, and our other loved ones in Heaven. All the times we fished, went boating, swimming, to the beach, or a good old fashion crabfeast with all the families. And, you always made sure I had such good medical care and advice with my many health problems over the years, even living in Pittsburgh. Nothing touched me more than to talk to you on the telephone and you'd say "Love you Baby" or to get emails from you responding about my life in Pittsburgh and all of my charitable endeavors. “ Dr. Raymond P. Srsic,  
What a wonderful Doctor.  
I am so very sadden, you will be greatly missed. You will never, ever be forgotten. My children and I will miss those hugs we got from you, when you would come into the examination room and that wonderful smile you always had on your face, just like the smile that is in this picture. That is our Dr. Srsic. Thank you so very much for the 24yrs of services as, our family's Pediatrician to my children and now my Grandchildren. You have always been there, and never left us down or missed a phone call, even if it was at 3:00 O'clock in the morning or on Sundayafternoon. I know that my grandbabies will never, ever, ever find another Doctor like you. You are not just the best you are the greatest. And we charished all your hard work and dedication to your work and the love you had for your patients. My thoughts and prayers goes out to you, your family and the staff of your office.

“ There are no adequate words to express the depth of our sorrow due to the passing of Dr. Srsic. Dr. Srsic was not just our physician, he was not just our friend; he was a member of our family. A few words that come to mind in describing Dr Srsic are: kindness, caring, compassion, loving, brilliant mind, hardworking, honorable, dedicated, committed, patience, perfectionist and modesty. Dr Srsic took excellent care of my son these last 24 years, but more than that he showed Jamie at each visit how much he cared and loved him. Every member of my family has benefited from Dr Srsic's knowledge and kindness. Whenever my family had a medical problem, he was there to advise and help in any way he could. Dr. Srsic had the ability to make you feel you were his only patient. He was available to us 24 hours a day, 7 days a week. Dr Srsic was truly one of kind and it was our privilege to know him. We will keep him in our hearts forever and offer our deepest sympathy to his children and lovely wife.

*I know there will be a time for us all to leave this world. But as a hospice nurse, I'm so sad to hear that he was taken by ALS. It's one of the most difficult diseases for everyone involved, patient, family and caregivers.*

*Miss Betty and family, may you take comfort in your memories and knowing what an amazingly positive influence he has left on so many.*
