July 10, 1946 - October 5, 2021

Edgar C. "Ted" Ludwig of Chestertown, MD died on October 5, 2021, at UMMC at Chestertown. He was 75.

He was a graduate of Dundalk High School and the University of Maryland College Park, where he was awarded a Bachelor's degree in Agriculture Science.

He worked with the US Department of Agriculture (USDA) until serving in the US Air Force in England. Upon his honorable discharge he returned to work as an agricultural inspector with the USDA at Dulles and Miami International Airports.

While living in Miami he subsequently worked as paint manager with Central Hardware and as a caretaker for several large estates in the Miami Beach area.

He is survived by his two sisters: Sandra Adams of Lutherville, MD, and Donna Kay Stohrer of Chestertown, MD, along with nieces and nephews.

“ A caring, funny uncle who will be greatly missed by many. I'll miss you, even though you scared the crap out of me when you dressed as Santa Claus one Christmas when I was a little kid! :) Fun times in Florida, both way back when and more recently.

“ When I got the news of “Teddy” the first thing I thought of when him & his friends made mud pies & threw them at us girls. Funny/good memory.

Our prayers are with your families.

“ Dear Cus,

We were very lucky to to grow up together on Dunbar Road in the wonderful town of Dundalk

So many great memories of walking or riding the bus to school, and stopping at Grandma Ludwig's apartment for root beer and cookies. Going to Sunday school and church together where we would occasionally sneak out and go to Read's for a milkshake.

Playing little league baseball with our dads as coaches or riding sleds on Dunhill Road until our fingers froze. Making box pizza on Friday nights at your house while watching the TV show Route 66 where Buss and Todd would drive across the country in search of adventure.

The best Christmas ever was the year we both got three-speed English racer bikes, and we rode the all over town for years. This included trips to the local airport to watch the airplanes take off and land. Eventually, we went up the steps to the control tower to talk with the men who were probably air traffic controllers.

We also had a chance to make more memories as adults when you moved back to Maryland. Visiting Aunt hazel when she was 100 years old, the family picnic at Len's house, lunches together and many talks on the phone. It was all good, cus.

Although I miss you, I know that you at peace with your Lord and Savior, and that gives me comfort. My heart goes out to your friends and family for their loss as well. Love,

Cousin Fred
