“ *I've quoted Eddie's words to me, one morning when I was late for work, horses tacked up and him standing there fuming, to anyone late for work. I learned the basics of the horse business from Eddie and Binnie.*

We've lost one of the good guys.###imported-begin###Brooke Boyer###imported-end##

“ *It was a shock to hear of Mr. Houghton's death today. A very sad day. He barely knew me from those long ago days of Pony Club and horse related friendships, but he would always have a sincere and friendly hello and how are you doing G.G.? Like we had known each other for years. He seemed to love everyone that entered his life be it through horses and animals of all sorts and most importantly through his family. Just an amazing individual. I will be thinking of you Binnie, Kim and Gen. My condolences,*

“ I just today found out about Eddie's death. It makes me very sad. Unfortunately, I knew Eddie only for a short time in Cardiopulmonary rehab; but definitely long enough to realize what a kind and gentle man he was. I'd like to express my sympathies to his family and many close friends who will miss him terribly. May the good memories quickly assuage your grief.##imported-begin##Judy Turner, RN##imported-end##

“ Bennie and Family:

My thoughts and prayers are with you. I am so very sorry for your lose. What a kind man, I will always remember his cheerful smile and his welcoming face of warmth. My family was always welcomed to your farm and we never forgot your kindness. You have so many memories. God will give you the extra strength to get through the next few days, and will be there with you thereafter. God Bless each of you.###imported-begin##Peggy States Edwards###imported-end##

“ Cardiopulmonary Rehab will never be the same without our Eddie. His kind and gentle manner, his appreciation of a good joke, the twinkle in his eye and yes, even his patagonia jacket will be sorely missed. We are all thinking of you Binnie and wish we could help ease the pain of Eddie's loss.##imported-begin##Libby Rice and Sherrie Hill##imported-end##
