“ Beth was a woman who inspired everyone who had the privilege of knowing her. The world is a better place because she walked, lived, and shared love among us.

“ Beth, you had a way of making our quick snatches of conversation at the martial arts studio feel like quality time well spent. There was always laughter involved and I always felt lighter after our exchanges. I especially always loved talking about our families and pets. I miss you already. Hugs, Kelley

“ Beth, we shared many wonderful memories throughout middle and high school. We lost touch through college but I'm so happy we reconnected through Facebook and at our reunion. Your trials through life inspire others and I'm a better person for knowing you. I'm praying for your family.

“ I volunteered with Beth at Blackwater and enjoyed it very much. Beth was a very special person. It will not feel right not having Beth there. It is heartbreaking to realize she is gone. I will attend both visitation and memorial services.

“ There are no words to say to all of you that knew and loved Beth- except that she has inspired so many to be better people. That's the truth. There are times, when I would come home and complain about- whatever. Then I think about Beth and shut up. Really. She made me want to be a better person. She was a fighter. Her inner strength and "will" to go on is what made her even more passionate about living! Even when she was in pain, she worked through it with such positivity and hope. She was always smiling! You all got her through some of the worst times of her life. Family and Friends. I was lucky to be one of them. I worked with her at the Aquarium and also got to witness some of the toughest times of her life...but also got to experience some of her happiest... Especially when she had Wil. Beth and I had our kids (Isabella) at the same time and it was so nice to have someone in the same boat. She was in the same hospital as I was for an appointment when I was leaving and she was one of the first people to see Isabella. She also gave some great advice when I had some tough times and really appreciated her loyalty and friendship. Working with her was so much fun, she loved teaching, hanging out with her co-workers- us old-timers (Valerie, Nancy, Joe, Vicky, David, Marj, Jen, and Jenny, Kathy, Julie, Roberta, Wendy, Martha...) and of course loved spreading the word about conservation/nature/outdoors. Even years after I left NAIB, I would see her and her family each year when she would visit me at the Dragon's Den at the MD Ren Fest (Eco Adventure's reptile exhibit). I was always in awe when I would see her- her new powerful legs, running a marathon and how she lit up talking about her new teaching job but she shone even brighter when she talked about her family. If that is not living, I don't know what living is! We will miss her so much...but remember-she will always be your SMILING guardian angel.

With deepest condolences,
Mei Len Sanchez-Barr and family
