Libby was always nice to the "little 7th and 8th graders". Her smile always made you feel so good because we were young and scared but she made you feel it was all good you will be alright. She was definitely one of the nicest girls at Stevensville High. Prayers for the Family Good Bless Nancie Lewis Hall

“ Libbie was a classmate and friend at Stevensville High School. In our senior year, I was class president and she was my vice-president. Oh the times we shared talking and working on so many projects through our school years. She was a good math student, as was I. I still fondly remember the year we had algebra when the two of us would compete to see how far ahead we could study on our own and be 2 or 3 lessons ahead of the class. This even got us a scolding during one class period when she and I were talking (she sat in front of me in that class) while Mrs. Price was trying to teach the class. Also, I remember the year our class was celebrating of 50 year reunion at the SHS alumni dinner and as president of our class I was to give a talk. Libbie did not attend, but she kindly sent me a letter of regret and shared some about the large family that she and Eddie have. I could tell how proud and loving she was for each of her family as I read that letter. May today's tears of sadness become tomorrow's tears of joy for the stories and memories you have to share in the years ahead. As long as I breathe, the family can be assured that I will remember her fondly as a classmate and friend. May each of you find comfort in knowing there are others who miss her as well.
