“ *Ellen I miss you so much. You were Gods gift of a second grandma. I will forever cherish our time spent together, looking a peoples shoes 😂... listening to favorite songs, playing musical instruments when we were annoyed. We had so much fun. You were so thoughtful, kind and caring. I loved how we would surprise each other with small gifts and were always there to support each other. I'm so thankful for technology, I keep going over our text thread when I miss you and feel comforted knowing I still have your words to guide me. I have had so many new moments that I've wanted to message you and keep forgetting that you're with Jesus now. My heart aches, I feel like I've lost my grandma all over again.*

*Until I get to see you...*

“ Ellen played a big role in making SSPP feel like family. Her sense of humor and kindness lifted me up on many a day. She always knew just when to show up with a funny story or a sweet treat when you needed it most. Her compassion and prayers for me and my family are blessings I will forever treasure. We will miss you, Ellen! Thank you for being my friend! Thank you for everything!

“ I will always remember Ellen greeting all who entered the school's front door. She always made everyone feel like family. Ellen never made you feel like you were bothering her. The children loved her and also felt her kindness. We could tell her our concerns, problems and worries and within minutes she would give us answers and solutions. She could be seen flying out of the office, down the hall and back again always ready to help all. Our school's family will so miss her and her loving heart. Prayers to her family, they were surely blessed to have her as a Mom.

“ Dearest Ellen-  
An honorary grandmother, mother, or sister to every single child and adult in our school family for 36 years, the blessings you gave to each of us are too numerous to count. We are forever grateful for your love and the many gifts of yourself that you shared each day; you took the time to listen and lend a hand, you put others before yourself, you noticed when someone needed extra love on any given day. . the list could go on and on.  
We know you will keep praying for us from your heavenly home. 🙏💕  
You are forever in our hearts! We love you!

“ *What an amazing friend and what a remarkable life she lived. I feel so blessed that Ellen was my dear friend for over 35 years. She was kind, loving, and supportive. Ellen and I shared tears and laughter as we walked through happy times, sadness, and illness. We celebrated our children's marriages and the birth of our grandchildren. We comforted each other as we said goodbye to loved ones. Our friendship was something we both valued to the end. I will always treasure our time together.*

*My deepest condolences to Doug, Chris, and their families, as well as all those who loved her and are left to mourn. She will be sorely missed.*

“ So many wonderful memories but my favorite memory is spending Easter at her loving home when I was in elementary school. My younger brother woke me in the middle of the night to inform me with all confidence that he had seen the Easter Bunny. When I asked my Aunt Ellen about this, she told me of course this was true. The Easter Bunny had hidden eggs for us children to find.

“ *There are so many things I love about Ellen! Her matching shoes to every outfit, love of anything nautical and cute handbags. I love her generosity, quick wit, musical instruments in the office and playing music from her desk throughout the building. She had a way of making me feel appreciated and loved every single day. Her stories are legendary and I will miss them so much. Her presence was huge at SSPP and things will never be the same. She was such an unexpected blessing in my life, and I will forever miss my dear friend.*

“ Oh Mrs. Hill! You were my rock when my family and I first moved to Easton. I know we only knew each other for only 4 years but I always felt you were my mom here in Easton. You understood my worries and my sadness when things were rough for me in the beginning. You were so welcoming and kind to me and I loved your New York accent and attitude. I dearly miss you and one day we will meet up soon! Love you always 💕

“ For all these years while our girls were in SSPP, yours was the first face they would see each morning. What a gift you were to that school and all those students!

And your boys were good friends to our Hollie at the high school. I'm glad we were able to share those memories.

Rest in peace, my friend.
