“ George, I am so sorry for the loss of Ethan. I can't image the pain that you and your family are going through. I remember thinking back when Chase was young, what it would be like to lose a child and would have to stop myself because of the virtual pain it caused. Because of that, you have an open-ended invitation to call upon us for anything we can do to help ease any bit of the suffering you all are enduring right now. We have been praying continuously since the accident and will continue to pray for healing for your family.
