

Frank V. Lemmo Jr.

September 15, 1986 - March 16, 2024

Frank Vincent Lemmo Jr., affectionately known as Frankie Jr., passed away on March 16th, 2024 at the age of 37. Throughout his courageous 14-month battle with cancer, Frank demonstrated remarkable strength and resilience inspiring all who knew him. Despite the challenges he faced, Frank made the choice to stay positive and remained steadfast in his determination, leaving an indelible mark on those who had the privilege of crossing paths with him.

Born in Princeton, NJ, on September 15, 1986, Frank was the adored son of Frank Lemmo Sr. and Maria DePinto. He was a loving husband to Christina Lemmo (Mischtschuk), with whom he shared a cherished union that began on August 23, 2014. Frank grew up in Tobyhanna, PA, where he cultivated a reputation for his infectious laughter, unwavering loyalty, and boundless love for his family and friends. Frank's journey began with his graduation from Pocono Mountain West High School in 2004, followed by his academic achievements at East Stroudsburg University where he successfully earned a Bachelor of Science in Business with a minor in Digital Media Technologies in May 2009.

Throughout his professional path, Frank served as an Implementation Liaison at Ecolane USA, starting in 2018, where he made invaluable contributions to his team and the customers he served. Beyond his professional endeavors, Frank found joy in staying active, including running, reflecting his vibrant spirit.

As a devoted Mets fan, he shared a passion for sports with several of his dearest friends that always remained close to his heart.

Frank's legacy will be remembered through the love he shared with his wife and their beautiful children, Gabriella and Alexander, aged 8 and 6, whom he cherished deeply. Additionally, he cherished his niece, Isabella Lemmo, while also being a beloved brother to Nicholas and Brandon Lemmo. Frank's smile, kindness, and zest for life will be profoundly missed by all. With deep admiration, his friends and family will carry the memory of his vibrant smile and valiant demeanor.

A visitation will be held at Fellows, Helfenbein & Newnam Funeral Home in Chester, MD on Saturday, March 23, 2024 from 11 AM – 1 PM. Service will begin at 1 PM. In lieu of flowers, the family requests that donations be made to The Glioblastoma Foundation in Frank's honor.

“ I remember meeting Frank on the gridiron. When he and I went out for 7/8th grade football. I remember saying to myself, I'm glad he on my team. For he was a warrior on the field and played every play with reckless abandonment. Off the field Frank was one of the kind. For he would give the shirt of off his back in second if you needed anything. Over the course of the years after 7th grade we enjoy endless loses and few victory's playing football for Pocono Mountain school districts. We also became great friends and made friends with all the other guys on the team that we cherish after HS was over.

Fast forward a few years I remember the night Frank came up to Bloomsburg for a weekend and met what he didn't know at the time the love of his life Christina! Fast forward more years the two of them got married! Had beautiful kids! Frank was a great father, and he loved his children beyond words can describe! He was loyal husband and loved his wife!

As of the last few months Frank was a huge impression to me. For I had begun my own battle against a medical condition! He called me and reassured me that we were “ mountain strong”. He kept telling me that the battle is just a mental game. He provides me with my words and wisdom over our conversations! That I will hold to my heart during my battle! He was my battle buddy, my coach and most importantly my hero! I will continue to fight in your honor Frank!

*Frank, was loved by so many and will be missed by many more!
This is not good bye it is just cya later! Please look after us!*

Love your battle buddy!

“ I benefited far more from knowing Frank than he ever could from knowing me. He was first and foremost a great father, and he loved his children beyond measure. He was the best uncle to my children, and the most loyal friend that I've ever known. I also never met anyone who loved their wife more than he did. A true exemplar human. I'll live the rest of my days trying to honor his standard.

“ To my cousin who I loved very dearly, growing up and going to Pennsylvania as a child to go see you, uncle Frankie, nicky, and Brandon was one of my favorite childhood memories. You were an inspiration you set an example in my life to enjoy life and to laugh a little. Nothing and no one can ever replace you. The presence you brought to the room and the smiles you would give. You are a great example of a human being. Coming to see you sweat from your 5-10 mile runs when I came to visit, playing the videos games with me and your brothers. The campfires and watching your football games when I was a kid was the best of times. Seeing you at family events you would always find a way to make everyone smile and make me smile. I love you and I will always remember good times I had with you. I wish I can go back to those times and memories I cherish. I will never ever forget that and will always love you in this lifetime and the next. Unconditionally. Love cousin Stephen.

“ I was Frankie’s first friend in PA. I can still remember it like it was yesterday. Frank was a little on the chubby side and couldn’t bend down and tie his shoe. Kids were laughing at him so I yelled at them for being mean and tied his shoe for him. He was one of my best friends from that day on (until my brother Mike came along lol). Although he was also best friends with my brother, Frankie and I had a different kind of friendship. I could tell him anything and he never repeated what I told him. Not even to my brother. Frank had one of the biggest hearts and always wore a big smile on his face. He would say the dumbest things when he knew I was down or mad at him, just to make me laugh. Even as we grew older and had our own families, every time I would see him, it was like no time passed at all. I will forever cherish all the memories I have with Frankie. He was truly one of a kind and I hope everyone is blessed to have a Frank in their lives. I thank God for having me bend down and tie his shoe that day and honored to have called him my friend.

“ I met Frank almost two years ago at Ecolane. Our cubicles were directly across from one another. Frank was always so willing to help anyone with anything, and always with a smile and a positive attitude. We had many talks about family and raising children, and it was clear he very much loved his wife and kids. He will be sorely missed.

“ Frankie Jr., it was an absolute honor being your older cousin and watching you grow up. I am so thankful I got to be apart of your life. All the memories we have made, I will cherish forever. From little kids having sleepovers and swimming in the pool, to being adults seeing our families grow and almost getting into a bar fight. I will hold on to the memories and every one in between. I am thankful for the time I got to spend with you.

I will forever miss your beautiful smile, your big ears, your silly playful side. All the times you annoyed people and them laughed to all the times you mooned everyone and anyone. To the deep conversations you and I had that night at the sports bar. You talked to me about having a strong sense of déjà vu. You told me in our past life, we sat here and had the same conversations. You then tried to convince me in our next life we will be sitting at the bar having those same conversations. Maybe it was the drinks talking, maybe it was you. All I know is I am holding you to it. In our next life together I look forward to sitting with you, laughing with you, having those conversations, and me yelling at you to be quiet because we were about to get in a bar fight. You will forever be loved, missed, and remembered. Our family is lucky to have the time we had with such an amazing person. We will all forever be thankful for you. No matter what was going on you were always happy, optimistic, goofy, and loving. I couldn't ask for anything more. You fought long and hard. It's time to rest, go run, have fun, and enjoy your time with our loved ones. I will always think of you, until we meet again I will hold you in my heart. I love you.

“ Frank started off as a "work friend", someone who I got to know virtually through emails and meetings. Eventually that turned to phone calls and chats about our families. After Frank was diagnosed we spoke on the phone regularly, often for over an hour at a time. He would update me on his progress and how he and the family were doing. I would share the little experience i had with a similar diagnosis in my family from a few years ago. Our "work friendship" became something that i cherished, and as our conversations grew farther apart, something i very much missed. He was an amazing guy who loved his family so much, it always came through during our calls.

Sending all of my love and thoughts to his family.

Frankie Jr., I will forever love and miss you. The memories I have with you will be cherished forever. From being little kids and going swimming in the pool and having sleepovers to being adults going out having a few drinks and meaningful conversations, these are just some of the memories I will forever cherish. I will miss your beautiful smile, big ears, your silly playful side. I will miss you annoying everyone and mooning everyone, and almost getting me into my first bar fight. These are the things that made you the cousin you are. The last time we went for drinks you and I had a deep conversation about you having the sense of déjà vu. You told me in our past life we sat a bar having the same conversation and you convinced me in our future life we would be back there having the same conversation. I am holding you to that. In our next life I look forward to sitting there with you, laughing with you, and having those conversations. Until we meet again, I will keep you in my heart. You will always be loved, missed, and remembered.
