“ *Having recently moved across the country to work in an office I was completely unfamiliar with, Gloria's cheerful willingness to lend a hand and show me around really helped make me feel comfortable and welcome in a new environment. It was always pleasant to speak with her and she will be missed. My thoughts are with you all during this time.##imported-begin##David Yogi##imported-end##*

“ Eric, Giusy and Carol:

I am a better person for having worked with your Mom and Sister. She taught me to quit complaining and get on with it. That is the way she lived her life. Even when not feeling well, she came in to help out and be around her Washington family -- we cared about Gloria and I think she knwe it. We did not always agree with her decisions, but we knew where she stood. Many of us know how Gloria loved Colin and Mia, and she was proud of their parents. Many days, I stopped by for the latest story on Colin, and later Mia. Carol, we were all relieved that you were here with her. May God bless you for your many kindnesses, especially around holidays when Gloria did not go to Chicago. You should all know that we will miss Gloria, and our thoughts are with you all.

“ *I very much enjoyed working with Gloria for the past five years. She was the first one I would greet every morning, and I still miss that. She was so diligent about everything she did. She proofed documents very carefully, had a system for logging items in and out, and could always be counted on to follow through on anything. I enjoyed talking to her about family, and current events. She was a very beloved character in the office, and everyone misses her.##imported-begin##Phyllis Anderson##imported-end##*

I worked with Gloria at the EPA. I was so sorry to hear the news that Gloria had passed away suddenly. She was part of the administrative staff for the office, and I chatted with her frequently. You have my deepest sympathy.
Sincerely,
