“ She was a really good friend to me and I really wish she was not gone. She always knew how to put a smile on your face. She always has a positive attitude and never let things get the best of her. She always told me to never give up cause there have been times where I have wanted to give up but she always had faith in me and told me not to ever give up on anything in life. I miss her so much. Wishing she was still here with us.□□□□
