To the family: What a sad time it is. Holly was a great lady and loved by so many. Remember growing up with her and some great times. Surely a shock, but she is heaven with her mom and dad. Prayers and blessings to the family and may the wonderful memories you have, help you through this very difficult time. God Bless, Gene and Lynda Palmatary

“Hots my heart is very heavy and I’m struggling to think of my world without you. You were my lifeline through many struggles. You were always the first person to step up and say I can help and sometimes just a conversation was all that was needed. There are so many memories and nothing stands out more than another. Betterton and Barry stand out as some of the funniest. I’m disappointed we won’t take that road trip and maybe this is your way of telling me to stop putting things off to when the time is right. You were such a beautiful person and I will miss you terribly. You will forever be in my heart.

Holly was a gracious, and lovely human being. I had the pleasure to work with her on several projects over the years at the Epilepsy Association of the Eastern Shore and United Needs and Abilities. She was witty and bright - always challenging her colleagues to try and do our best for those we serve executing our duties professionally and with integrity. She will be missed by colleagues, friends, and her family.

“ Too many memories to count from bareback riding good ole Chubby at Remington Farms to you spending the night with me at the hospital following my surgery last year. I was so excited to be your flower girl at your first wedding. Mike- you may not have been her first love, but you are her last love- that's what truly matters! You are the best thing that ever happened to her! I will love you always, Hots!! Fly high and watch over us! Thank you for being such an important person in my life.....
