Though I didn't know this very fine young woman, I can see she was an extraordinarily talented and accomplished young lady. Ja'na was a close friend of my daughter, leela. She obviously had a strong community of family and friends around her and her loss is greatly felt. I can only say to all her loved ones who are grieving, please know she is in God's loving hands and finally at peace. God's speed, Ja'na.

“*Ja’na came into my life in 2020 and was integral in my recovery, bringing me so much love, friendship, and laughter. To say I’m in shock and completely heartbroken is the understatement of the century. You had so much more life to live, and I will forever keep you in my thoughts, keep you in my heart, and speak about the joy you gave to so many. You’re beauty, intelligence, smile and heart will never be forgotten and I wish you had made it out here to Ann Arbor so I could have given you that big hug I promised you. Love you always, Ja’na,*

“ I worked with Ja'na in the Lt. Governor's office and I adored her. She was one of the smartest people I knew in decades of work in the federal and state government but she was humble and not showy. The one thing I loved about Ja'na was her smile. You had to work real hard to get it and when you did, you knew you earned it! She was a great teammate and friend. I will miss her greatly. I only wish she had been with us longer because she was a beautiful caring person who made a difference in the world.

“ She had this beautiful big loving heart. She became one of our family members, watching our daughters open presents on Christmas morning in jammies with us, to having dinner with my in laws on Thanksgiving. She helped me plan my husband's surprise birthday party one year. She and I would have long talks and laughs. Her laugh was so authentic and her hugs were the absolute best. I will cherish these memories so much and miss her even more. She was such a beautiful light in this world. My sincere and deepest sympathies to her family and many thanks for sharing her with us.

“ One of the things I loved about Ja'na is that she could always be counted on to put me in my place. It didn't matter that I was "older", or that I had been her advisor in the honor society that she was a member of while attending our college. I'll miss that. I'll also miss the random phone calls and texts just to shoot the breeze about anything. To Ja'na's family, to say I'm sorry doesn't even come close to how I feel. I'll never forget her. She was an awesome lady.
