“ *When I moved to the Eastern Shore and bought a house in 1994, Pee Wee West did the work and in conjunction with that, introduced me to Jim and had Reliable Pest Control do the termite prevention work. As with everything else Pee Wee knew what he was doing and we've used Reliable ever since. Jim was an honest and reliable person and as his family has taken on more and more of the responsibility, those same qualities have been carried forward, which is a credit to him*
